The board also resolved to establish
immediately a detention station on
Linton Rock, a small island in the bay
which are several vacant warehouses
with walls well adapted for the
purpose. Another station is to be
established at Angel Island.

WAGE TO INCREASE LATE.

(A. F. DAY REPORT.)

SAN FRANCISCO, June 4.—Gov.
Lyon stated today that he was here in
connection with the matter of the
seizure of Chinatown and the other

received a dispatch from Secretary of State John Hay, asking for information, and that he proposed to look into the matter very carefully. He then advised the dispatch, which reads as follows:

"WASHINGTON, May 16, 1904.—JIM HENRY, Gov. Henry T. Gage, San Francisco. The Chinese Minister informs him that the city authorities of San Francisco have quarantined Chinamen from cases, and are ignoring an injunction of court, when there is no epidemic. He considers the action unwarranted and recommends a report of protest and remonstrance from his government."—

[Signed] "JOHN HAY,
Secretary of State."

Gov. Gage was asked how he in-

Dr. Brown, and replied that he had not been asked to do so. He considered several plans. One of these was to select six physicians unconnected with the Board of Health, and of the highest professional standing, to be responsible members, and to inquire into all the facts, draw conclusions and make their report to the Board.

This afternoon the Governor has been holding consultations with local physicians, and there is hope that a report will be found to get at the real cause of this.

DOCTOR'S EXPLANATION.

(A. P. RABBIT A. M. REPORT.)

SAN FRANCISCO, June 6.—Dr. Wm. Hodghead, of Pillsbury, the physician implicated in the case,

Companions to inspect the bodies of suspected victims of the plague, have made a statement in explanation of their action in removing a portion of the body of a man who died on Sunday before the arrival of the health authorities. They say that after finding that they were to be refused permission to pursue their work in the quarantine district, they determined and were advised by the health officers for the Canton to take parts of the body needed while they had the opportunity, their object was to satisfy themselves as to whether or not the man died of the plague.

STRICTLY WIRE TO THE TIMES.]
SAN FRANCISCO, June 4.—[Exclu-
sive.] Sam S. Sample, the
president of the early saloon
epoch in San Francisco, is dead. He
died in New York in 1902, and left
a large estate in Washington
state, which he had made the headquar-
ters for the big bonanza millionaires
of Mackay, Fair and O'Connell.
Sample knew them, and helped them
to get more money than they
deserved in return gave him tips on
stock shares which made him
rich. He was very generous, how-
ever, and could not keep money, but
was a fortune. In his last days

(A. P. NIGHT REPORT.)

WASHINGTON, June 4.—The following dispatches have been received at the State Department from the United States Minister at Peking:

"PEKING, June 4.—(Exclusive Dispatch.) The Pao Ting Fu railway is temporarily abandoned. Work on the Peking and Hang Kow line is stopped. Foreigners have fled. The Chinese government is unable to suppress the trouble. The troops show no energy in attacking the 'Boxers'."

"CONGRATULATIONS." Great as these advances are, they have not induced the United States to vary the line of action it has laid down. The naval force of the United States is being steadily increased. The United States is not being strengthened, but if it should arise, Admiral Kumpf might be reinforced to almost any extent.
